“Our old website never got updated with new information because it was a hassle to get it done. Now that we can update the website ourselves our website always has new and interesting content. We get more visitors too.”

“The different themes are mind-blowing. The rich graphics give our website a well rounded professional feel. We like to change our theme regularly and it’s literally one click of the mouse to get it done.”

“There are cheaper options out there, some even free, but I was happy to pay for the simplicity and convenience that DIY webspaces offers. My time is valuable and this is saving me lots of time.”

*Mark du Plessis

"I got my website up and running in less than an hour. It used to take longer than that to make a simple change on my old website. What a pleasure. Thanks guys."
